

Field Data Collection Training

Collecting data in the field using smart phones: Survey 123 for ArcGIS

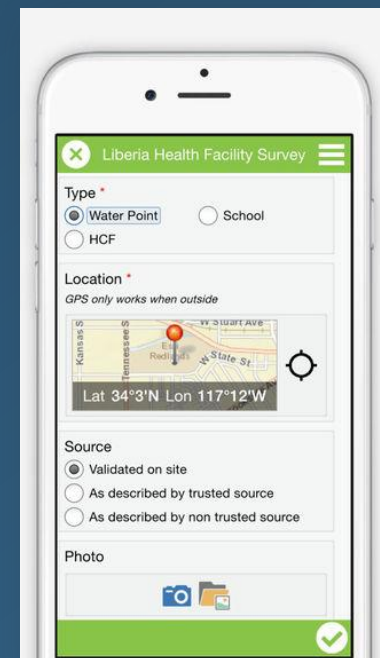

What is Survey123?

- Smart phone app: Windows, Android, iOS
- Access: ArcGIS Online Account
- Form-based – surveys created in spreadsheets
- For capturing new data
- Collects points

Test Survey on the App

- **Let's try it out!**
 - **Open the Survey123 app on your phone**
 - **Log in using your ArcGIS Online account**
 - **Click 'Get Surveys' or choose 'Download Surveys' from the menu at the top right**
 - **Download the 'Test Survey'**

Test Survey on the App

What is your first name?

Are you a student, professor, or other professional?

☐ Student

☐ Professor

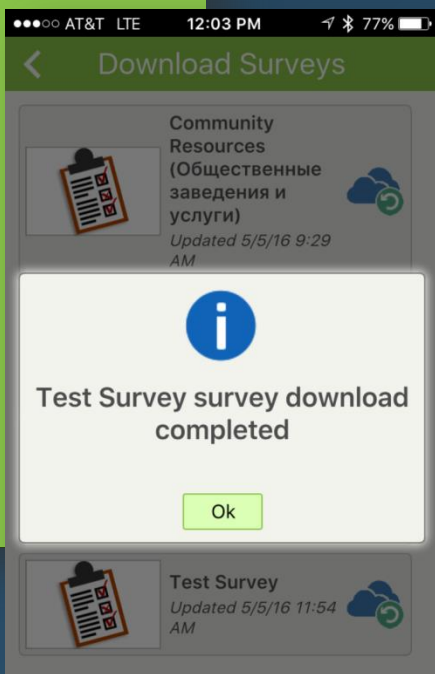

☐ Other Professional

What university or organization are you affiliated with?

Where do you work or go to school?

Use the map below to choose the location.

45°31'N 122°39'W ± 65 m

Test Survey on the App

Tap on the map to open it full screen to set your point.

Tap the green checkmark to save your location and your survey
